THE INTERNATIONAL LEAGUE TO HAVE

Jersey City and Newark to Be Admitted-A Ball Game in Philadelphia-News of the Turf-The Yachts-Gossip,

BUFFALO, Jan. 19 .- A special meeting of BUFFALO, Jan. 19.—A special meeting of the International Base Ball Association has been called for next Tuesday in this city. A despatch from Hamilton says that city will be represented at the meeting and will apply for readmission. Subscriptions are coming in. Base Ball Association has the city will be readmission. Subscriptions are coming in. Base Ball Association has the city will be readmission. Subscriptions are coming in. Base Ball Association has the city will be readmission. Subscriptions are coming in. Base Ball Association has the city will be represented at the meeting and will apply for commission. Subscriptions are coming in. Base Ball obtained. Base ball people in Toronto are interesting themselves in favor of retaining the Hamilton Club, President McConnell of the Torontos has offered to take stock in a Hamilton club, and other gentlemen are expected to do likewise. Manager Powers of Jersey City

do likewise. Manager Powers of Jersey City was in Toronto yesterday and called on President McCopneil. Mr. Powers says the Jersey City club will likely be represented at Tuesday's meeting, and will apply for a franchise in the International Association.

While all this gossip has been going on the International Association.

While all this gossip has been going on the International Association has been preparing a bomb which will be exploded on Tuesday, and the explosion will be heard in every international League city, and will also be felt and create a consteination in towns where Central League clubs are located. The managers have covered up their tracks so successfully that the matter has not even been vaguely hinted at. The move contemplated means the material strengthening of the International Association at the expense of the Central League. In other words, it means that two of the stronges clubs are present members of the Central League have greased the toboggan slide and are prepared to elip into the stronger organization.

To provide for this feat a special meeting of the International League has been called, and will be held at the Tillt House on Tuesday. It will be a star-chamber proceeding throughout, At this meeting the International Association will decide to increase its membership to ten clubs, and two of the new members will be from Newark and Jersey City. It is as yet undecided what city will be solicited to fill the remaining vacancy.

Since the probable retirement of the Hamil-

be from Newark and Jersey City. It is as yet undecided what city will be solicited to fill the remaining vacancy.

Since the probable retirement of the Hamilton Club, the International has had but seven clubs on its list. Some of the club owners were at first decidedly opposed to increasing the membership to ten clubs, but now look at the matter in another light. It was shown that the two Jersey clubs must come in together or remain out, Jersey City would not come in without Newark, and vice versa. The strong rivalry between those two clubs does much to pay the season's expenses of both teams.

What effect the desertion of these two clubs from the Central Leugue will have can only be conjectured.

The local club owners have been very reticent about the contemplated move, and your correspondent gained the above facts only after showing that he already had the story in a disconnected form.

With the addition of the Newark and Jersey City Clubs the International Leugue will have cone of the strongest base ball circuits in the country. The club owners have long been jealous of the position held by the American Association, and think that the present move will put them on a par with the older organization.

The selection of the tenth club may and may not be made at Tuesday's meeting. Several cities are auxious to come in, and the one showing the best financial backing and the strongest lot of players will be the lucky one. The Grand Rapid Club has been making desperate efforts to get in, but the Wolverines chances are now very slim. Had the League decided to continue with but eight clubs, then the Grand Rapid continue with but eight clubs, then the Grand Rapids enthusiasts might have been successful.

the Grand Rapids enthusiasts might have been successful.

PHILADELPHIA, Jan. 19.—Edward O. Wagenhurst, the player New York claims to have signed to take Ward's place, played with the University team to-day against Mason's professionals. He played third base. His fielding was not very good, as he missed two out of four chances. One of his errors was a fumble and the other a will throw. At the bat he showed up strong, making two two-base hits. Wagenhurst denies that he has signed with the New York Club. "I have a contract from Manager Mutrie." said Wagenhurst." but it is still uneigned, and I have not determined yet whether I will play in New York or not." Wagenhurst is the captain of the University team, and his friends among the students are doing the utmost to keep him from becoming a professional. Manager Harry Wright had a long talk with Wagenhurst, and to-night he said: "I consider itextremely soubtful whether Wagenhurst will sign with New York."

The Middle States League will hold a special meeting at Norristown, Pa., on Monday next, the object being to select two new clubs to complete the circuit, There are six clubs now in the League, and there is a great demand for the two remaining franchises. Cape May. Reading, Pottstown, and Lancaster have made written applicationa. Reading seems sure of one of the places, as the new club has secured grounds, has good financial backing, and will probably be managed by Ed Cuthburt, the veteran player. Pottstown and Cape May offer to give bonds that they will blay the season out, but Lancaster will be the favored place if the necessary capital is raised to back the clubs. President Charles E. Mason is very enthusiastic over the prospects of the League. "I anticipate that the Middle States League will be a grand success. All the clubs will be self-sustaining under the salary limit rule of \$75 per month, and I believe all of them will make money."

To-day's game of base ball between the University of Pennsylvania and Mason's team of

Masons.

Cuiversity of Penn.

Earned runs-Masons, 4: University of Penn. 2. Two-base hits-Weich. Wagreburst 2. Three-base hits-Sinith, Robinson, Cahill. Bases stolen-Masons, 8; U.O. P., S. Hases on bails-Masons, 10; U.O. P. 1. Struck out-Masons, 6; U.O. P., 3. Left on bases-Masons, 9; U.O. P., 3. Left on bases-Masons, 9; U.O. P., 3. Hit by tiched bail-Wetch. Passed bails-Cahill, 1. Wild pitches-Knouff, 6. Time of game-1.05. Umpire-Frank McCioskey.

Boston, Jan. 19, —Deacon Jim White has decided not to play ball this season, and Jack Rowe will keep him company. They will do nothing but manage their interests in the Buffalo Club. They soo big money in the investment, and as they have full control of the club they can manage it to suit themselves. They are both practical bail players, and think they

ment, and as they have full control of the club
they can mange it to suit themselves. They
are both practical bull players, and think they
know how to avoid some of the pitfalls that
stiew the paths of the managers.

This decision on their part will set at rest all
rumors in regard to these players during the
coming season. Howe will not play with Pittsburgh and White will not become a Beancater.
Neither will they cut their throats by attempting to play with the Buffalo Ciub. They will
alternate on the trips of the club, one going
with the players and the other remaining at
home to keep an eye on the home interests. In
that way neither will be upon the road very
much.

DASE BALL NOTES. It has been suggested that Manager Mutrie secure the Madison Square Garden for indoor base ball.

PHILADELPHIA, Jan. 19.—George Townsend signed a contract with the Athletic Club today. This gives the Athletics four catchers. Charles E. Lutz. formerly of the Alpines, would like a position in some good amateur club as right fielder. He can be found at 208 East 113th street.

East 113th street.

Manager Keil, who will have charge of the loans. Alerts, Waverly, and Stocks base ball thats, is ready to receive dates from all semi-professional and minor clubs. Also good accommodations.

William L. Wilkens has reorganized and will manage the Hanover Base Ball Club of Harlem. The club will have new uniforms, and will make its appearance as one of the best equipped smateur or semi-professional teams.

sematour or semi-professional teams.

Some minor league club would find a good from in John J. McJormack of Stapleton, S. I. the bias managed and captained several clubs on the Island. He made a brilliant record for limiself last season with the Excelsiors of Princo's Park, and is capable of doing much better work with more practice.

DES MONES, Jan. 10.—Manager Charles Morton, now with the Tolodo (Ohlo) Club has carclanded from Des Moines the release of Pitcher Smith. Third Baseman Alvord, Left Fielder Vandyke, and Cateller Harry Sage. The prices paid have not been announced. It is supposed that the few remaining players will go to Toleio. This does not mean that Des Moines will not put a team into the Western Association. On the contrary, Manager Hart, late of Milwaukee, is looking up available talent. The

trouble with the men cold is that they expected and last year received too high salaries to bring the pay roll of the club within the salary limit.

Bowling. There was a fine game rolled between the Pin Knights and Spartans at Frank Muller's alleys in Jersey City on Friday night, which re-sulted as follows: PIN ENIGHTA

Umpire—T. Cummings. Scorers—F. Piebes and C. H. Kubiemann. The Bowling League of the Young Men's Christian Associations has finished one-half of its schedule, and the record of the various clubs is as follows; Won. Lost. Club. Won. 4 2 Harlem 1

YACHTING NOTES FROM THE HUB.

The Volunter will Not Bace Next Season-Capt, Haf will Sall the Titania. Boston, Jan. 19 .- A few days ago Capt. Henry C. Haff visited this city and called on Gen. Paine. It was rumored in yachting circles that Gen. Paine had decided not to put the Volunteer in commission next year, and Capt.

two weeks. Mr. McVey says that the dimensions as published in The Sun are slightly incorrect.

"I cannot giveyou the figures," said he to The Sun correspondent to-day, "but I will tell you that she will have the deepest draught by over a foot of any 40-footer in the country,"

The 40-footer will be completed April 1 and will be named the "Helen," Mr. VcVey's 30-footer will be finished a month later and both boats will take part in their respective classes in the races of the New York Yacht Club.

Sawrer of New York is estimating on the sail plan, and will probably secure the contract. Mr. Henry Bryant, owner and designer of the schooner Alert, an intimate rishnd of Mr. McVey, is the only outsider who has seen the drawing and plans of the new cutter, and he predicts good speed for her.

Mr. Burgess denied the story that he has received an order from Mr. G. W. Weed to design a model for a big schoonor.

John Stetson's steam yacht Sapphire will be recoppered this spring, and will challenge the Starling to a race.

The new Burgess fisherman has been planked and fitted in. Good judges think she will be able to beat some of the crack yachts.

NEWS OF THE TURF.

Jockeys Strike at Guttenburg-Managers

When the usual crowd of racegoers had climbed the heights to the race course at Guttenburg yesterday they found the jockeys on strike, and for a short time it looked as though there would be no racing. Several jockeys were fined on Thursday for cutting up while at the post for the last race. Yesterday all the riders made an issue that if the fines were not remitted they would not ride. The management finally remitted the fines, and five races were run, with these results:

First Race-Purse \$250, for maidens: three-quarters of a mile. Braton won, Sylia second, and Fashing editing third. Time, 1:22. Mutuals paid \$4.00.

Second Race-Purse \$200, for maidens; three-quarters. tenburg yesterday they found the jockeys on

and \$4.10.
Second Race—Purse \$200, for maidens; three-quarters
of a mile. Chambly won Skip second, and My Nannie
O cale third. Time, 12356. Mutuals paid \$10.90, \$55,
and \$15.95. and 311.3.

and 311.3.

In the second and Thomas and Thomas and Thomas tostello won. Not Gulty second, and Thomas the second and Thomas the second and Thomas the second and Thomas and the second and th ic 65.

Fifth Race—Purse \$250; seven furlongs Speedwell won, Crackeman second, and Amos third. Time, 1:335g.

Mutuals paid \$6.55, \$3, and \$2.50.

The New Orleans Races. New OBLEANS, Jan. 19.-The track was slow today. Firstrace, a half mile, selling. Hollin Hawley won by six lengths, Dot second, a length ahead of Iris, third. Time, 54 seconds. Post odds—Against Dot, 9 to 0; Rollin' Bawley, 4 to 1; Lovelace, 4 to 1; Iris, 8 to 1;

10; Rodinf Hawley, 4 to 1; Lovelace, 4 to 1; Iria 8 to 1; Gaba C., 8 to 1.

Second Race—Six furiongs; selling. Cheeny won by a length, with Duhme second, a half length shead of Joy, and the selling of the selling of

An Aged Athlete. Mason City, Iowa, Jan. 19 .- A. Cowen, 70 years of age, who recently challenged any man years of age, who recently challenged any man of his age to a forty-rod foot race and to crack his heels three times in the air in the final leap, means business. He has now made the challenge open to the world, the race to be run here in June next. Four septugenarians from different localities, have already been heard from. MONMOUTH'S NEW VENTURE.

LAND BOUGHT FOR A RACE COURSE ON

THE NEWMARKET PLAN. The Longest Straightaway Track in America to be Built-Also an Immense Track and a Colossal Grand Stand,

It was announced to a reporter of THE Sun in the Monmouth Park Racing Association's rooms vesterday that the association had just completed the purchase of the Casler and Fiedler farms, adjoining the old race course, and that the proposed new course on the Newmarket plan, as printed in THE SUN last No-vember, was to be built in time for the racing season of 1890. There will be a main track, oval in shape, of one mile and threequarters, on which races of one mile and a half with only one turn, can be run. A straightaway track of one mile and three furlongs, with the starting point in the direction of Eatontown and the finish in front of the grand stand, will be built, wide enough for large fields of horses The starting point for straight dashes of threequarters of a mile will be on the upper turn of the oval track at a point where the straight

quarters of a mile will be on the upper turn of the oval track at a point where the straight track will cross the oval course, and make a bee line to the grand stand across the field.

The new additions to the old course comprise 450 acres, making more than 650 in all. The new land stretches out toward Little Silver, and will make a splendld race course in connection with the historic track new in use. A new grand stand is to be built on ground commanding a view of the entire course. It will be constructed of iron and brick or stone, with pillars fifty feet apart. The structure will not be of the highly ornamental pattern, but it will be substantial, and on the terrace plan, with comfortable sealing room for 15,000 persons. A grand promenade, a spacious restaurant, and colossal betting quarters will be features of the stand.

The transportation will be greatly improved. Sixteen railroad sidings will be built back of the grand stand, with room enough for 700 passenger cars, in which visitors will come from New Yo K. Philadelphin, and intermediate towns, and a large field will be set apart for vehicles from Long Branch and other seaside resorts. A new boat that will excel the Monmouth, placed on the Sandy Hock route last summer, will take the place of the St. Charies on the same route.

summer, will take the place of the St. Charles on the same route.

The report that the association intended to race on all week days next summer is erroneous. The meeting will begin this year on July 4, and racing will continue on Tuesdays, Thursdays, and Saturdays to the end of August.

SATURDAY, Jan. 19. The feature of to-day's stock market was a continuation of the decline in Atchison for the unusual spectacle was presented of a stock that has all along been practically foreign to this market leading it in point of activity. The net decline in Atchison was greater than that of yesterday, yet the movement did not have as much effect upon the rest of the list. The inference from these circumstances is that the selling was of a speculative character rather than liquidation. Uncertainty as to the condition of the company's affairs still exists, but the chances are that if any new unfavorable developments have taken place within the company the entire market would reflect it. The situation seems to be very clearly described by the results of to-day's transactions, which were a net decline of 2% ? cent. in Atchison, and an average loss through the rest of the list, excepting Missouri Pacific, of about W cent. Missouri Pacific being closer to Atchison than any other stock, the sympathetic movement in that stock was greater. The only news this morning was the bank statement, which showed a further accumula-

tion of funds at this centre. Both the Sub-Treasury and the interior contributed to an increase of over \$5,000,000 in the reserve. The leans are \$3,000,000 larger, and these two items are reflected by the increase in the deposits of \$6.750,000. The surplus is nearly \$3.500,000 larger than last week. The banks are now in such a strong position that even a resumption of exports of specie, which in some quarters is considered probable, can be contemplated with equanimity. It is not at all certain that the movement will be renewed, as Europe is beginning to take a fresh interest in our securities. Should that interest continue the movement would take the place as a factor in the sterling exchange market that has recently been filled by the shipments of cotton, which are now diminishing. Hopes are enter-

and 5 shares Bank State New York at 110.

In the Unlisted Donartment the sales of National Transit cortificates, crude petroleum, were 137,000 barrels at 831,68845 cents it barrels at 842. The sales of American Cotton Oll Trusts were 4.859 shares at 494,6504, closing at 494. Other transactions were in Branswick, 200 shares at 175, and Sunday Creek Coal. 100 shares at 145.

The surpus last year was \$20.014.75; two years ago \$18.758.575, and m less. \$50.118.525.

The Financial Chronicle has obtained the figures of the operation of the Missouri, Kansas and Texas. Radicad for the year ending Sept. 30. The gross earnings are given as \$4,549,190, against \$7,827.359 the previous year, and net \$1,326.177, against \$2,246.892. The gross enrolings for the three months ending bec, 30 last are estimated at \$1,655.749, a decrease of \$239.074 as command with the corresponding quarter of the previous year. The statement shows that the company earned net for the year ending Sept. 30 enough to meet the interest on the 7 H cent. consols, the prior lien bonds, and rentals, but practically nothing toward the interest on the governed \$472.772 int. against \$785.491 the previous year, while the Gaiveston, Houston and Honderson failed to earn operating extenses by \$9.392. The deficiency the provious year was \$9.392.

According to the Franciscal Chronicle seventy-six representative ratiroads carned grees in November \$40.885.398. a decrease of \$437.512 as compared with the same month of 1887, and net \$14.203.041. a decrease of \$1.413.168. For the eleven months ending Nov. 30 the gross earnings of seventy-two roads were \$395.900.-857, a decrease of \$13.097.904 as compared with the corresponding period of 1887, and net \$128.825.559, a decrease of \$11.414.508. For the

first week in January sixty-seven roads show an increase over last year of 6.72 T cent., and for the second week the twenty-seven roads that have reported show an increase of 12.43. The advance in C., B. and Northern securities, particularly the stock, in the face of a declining market for Atchison and other Boston railroad shares, has given ri. e or color to the report that negotiations for the absorption of the road by the Chicago, Burlington and Quincy road have been renewed.

50-Year Gold Bonds

OF THE

UNION

**ELEVATED RAILROAD** COMPANY

BROOKLYN,

DUE MAY 1, 1937.

COUPONS PAYABLE MAY AND NOVEMBER IN NEW YORK CITY.

Interest Guaranteed

BY THE

Brooklyn Elevated Railroad.

THE CENTRAL TRUST COMPANY OF NEW YORK, TRUSTEE. The Union Elevated Railreadis leased to and operated by the Brooklyn Elevated Enilroad, the two companies forming one system known as the "Brooklyn Union."

Of this system, the Broadway section to Williamsburgh Ferry. 2.70 miles, and the lower Myrtle avenue section, 1.85 miles, to the Bridge, form the portion of the Union Elevated Raitroad Company already constructed and in operation. The Fifth avenue line to Greenwood Cemetery, 3.10 miles, and middle Myrtle avenue line, 1.52 miles are now in course of construction. These sections, when completed, will give the Union Company a total mileage of 9.23 miles. Other valuable extensions are projected. The mileage of the entire system is 11.36 miles, and when completed it will extend over about 19 miles of road connecting with the New York and Brook-

lyn Bridge and all the prominent ferries. The Brooklyn-Union system of elevated railroads traverses the densely populated and commercially im-portant section of the city of Brooklyn, and is rapidly developing a vast area of well-drained and cheap lands, larger in extent than the whole of Manhattan Island, the forthest point of which is only about EM miles distant from New York City Hall (the distance from that point to 110th st. in New York). The New York elevated roads upon completion in 1878

carried about 40,000,000 passengers; in 1887 they carried about 170,000,000.

The population of Brooklyn (without suburbs) has in

creased in 3% years from 631,388 to 792,966 (or at the rate of 72 per cent. per decade). The percentage of increase is greatest in the upper wards traversed by the elevated roads, and the erection of dwelling houses continues in that quarter at a most remarkable rate. In five upper wards the increase of population in 3% years

has been at the rate of 185 per cent per decade.

The Brooklyn-Union system of elevated railroads, although in its infancy and far from complete as yet, is already earning more than its fixed charges, with a constant increase in gross earnings, against a very insignif-cant increase in operating expenses. The structure of the Enion Elevated Railroad is the best and strongest of its kind, and is approved by the most eminent engineers.

The mortgage covers the entire property of the com-

pany, now owned or hereafter to be acquired, including an ample equipment, and is limited to \$550,000 per mite. The Union Elevated Railroad was organized under the supervision of the law firms of Messra, Hoadly, Lauter-bach & Johnson, and Messra, Wingate & Cuilen, counsel for the company. The charter, franchise, mortgage, and bond have been examined for us by Messra. Evarta, Choate & Beaman, and by other eminent counsel.

Application has been made for the official listing of these bonds (numbers 1 to 2.305 inclusive) upon the

New York Stock Exchange.
The bonds are coupon bonds of \$1,000 each, with provision for registration of the principal.
SUBSCRIPTIONS WILL BE RECEIVED BY THE UN-DERSIGNED FOR \$1,300,000 (BEING THE UN-

SOLD PORTION OF THE ABOVE BONDS) FROM WEDNESDAY, JANUARY 29, AT 10 A. M., UNTIL PRIDAY, JANUARY 25, AT 3 P. M. AT 105 AND ACCRUED INTEREST. AT THIS PRICE THE INVESTMENT VIELDS NEARLY 5 3.4

PER CENT. PER ANNUM.
EAUII SUBSCRIPTION MUST BE ACCOMPANIED BY A DEPOSIT OF 5 PER CENT OF THE NOMINAL AMOUNT SUBSCRIBED FOR, IN CASH, OR AP-PROVED CHECK. ALLOTMENTS WILL BE MADE UPON CLOSE OF SUBSCRIPTIONS. THE RIGHT IS RESERVED TO REJECT ANY PROPOSALS, TO RE DUCE THE AMOUNT TO BE AWARDED THEREUN-DER, TO CLOSE THE SUBSCRIPTIONS, OR TO AD-VANCE THE PRICE AT ANY TIME WITHOUT

WE RECOMMEND THESE BONDS AS A SAFE AND DESIRABLE INVEST-MENT.
